

NORTH WISH COAST

WINE CO.

2014 PINOT NOIR

The Wish Wine Co. brand is a symbol of American celebration and tradition. Established in 2010 by our friend and Sommelier Dave Bender, we wanted to offer a product that combined his wine experience and passion for entertaining friends and family with the Brutocao family's history of growing grapes and producing wine. As can be common at these gatherings- one bottle is never enough- but don't despair for *Thee Who Has The Bottle's Final Drips Is Entitled To A Single Wish®*.

Tasting Notes

Our 2014 Pinot Noir is aromatically expressive with perfumed notes of rose pedal, lilac, cranberry and wild strawberry. The beautiful high toned aromatics and red fruit characteristics are laced with fresh acidity and delicate savory structural components. This is a wine that is equally delicious as it is complex.

Sustainability

Just as our grandfather did four generations ago, we farm our vineyards while embracing sustainability in all things we do. Taking care of our land is both good for the earth and helps the vines produce top quality grapes. We believe you will enjoy this high quality wine a little more knowing it was produced by a certified sustainable wine grower. Cheers!
